

Click [here to register or log in](#) to Career Pilot for all the information and tools you need to explore your future career. Career Pilot is free to access for all students.

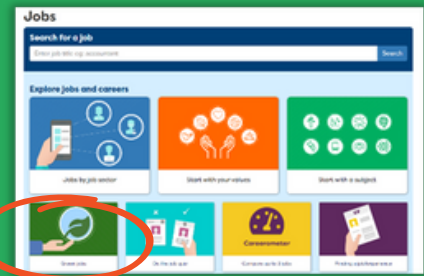

When you log in to your Career Pilot account you can add/save any jobs, courses or apprenticeships of interest to your Career Tools to build a useful careers report.

Three things you can do on Career Pilot to explore green jobs and the pathways into them

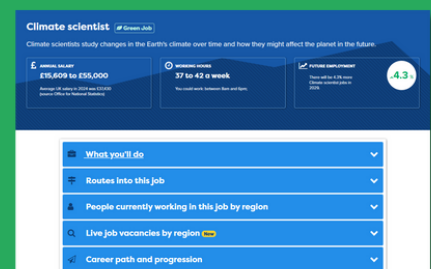

1

View green jobs in a range of industry sectors using the [green job search](#)

2

Learn more about specific green jobs and the pathways into them on the job profiles

3

Explore local course providers, degrees and apprenticeships using the [course search](#)
