

### Why should my school/college subscribe?

#### Your students can build their Career Tools Report

Students (Y7—Y13) can register and add themselves to your school/college.

They can complete 'Career Tools' tasks to help them explore and plan their careers. The reports can be viewed by the students and also create data reports by group or individual in the Reporting Zone, so staff can support their progression choices, plan encounters and evidence interventions.

### Access all data in the Reporting Zone

- ◆ See reports on the choices your students are interested in;
- ◆ Use the data to plan encounters that meet your students' needs;
- ◆ Support your students' progressions plans;
- ◆ Add career reports and agreed actions for every student;
- ◆ Download and print reports for every group or individual.

- ◆ Subject specific resources for subject teachers—KS4 and 5
- ◆ Guides to help you use Careerpilot for Gatsby and Compass

## Careerpilot PATHWAY PLANNER

## Using triage to identify guidance needs at three levels

The Pathway Planner is available for purchase as an add-on to your Careerpilot site.

Developed through a bid to the Careers and Enterprise Company, the Pathway Planner is a three-stage model and tool which prepares students for guidance, assess their readiness to progress and provides a red, amber, green rating so you can allocate guidance according to need.

Additional tools enable you to record bookings, track progression and monitor students' progress towards their next stage.

## How much does it cost?

### Silver member

**£599/** per annum College **£900/**per annum

- ✓ Access to Reporting Zone
- ✓ Access to Adviser Zone Members' Area
