

Have you got what it takes?

- Students are shown images of different occupations
- They then have to create acronyms for each occupation with the skills that are required for that role
- Show the examples below for ideas—can students come up with their own
- Students can think about their own skills and see which jobs they would be most interested in / suited to

Extension: Students could use www.careerpilot.org.uk and complete the [Pre-16 Skills Map](#)—they can then use the answers to the quiz to see if they have the skills needed for a particular job & feedback in the next session
